This exciting trip includes diving magnificent reefs, snorkeling with whale sharks and exploring the beauty of a cenote! You'll begin this adventure on the beautiful island of Cozumel. For over 40 years the island has been surrounded by a marine park which has protected the delicate balance of dazzling coral reefs and abundant tropical fish. The numerous swim-throughs and canyons make for sensational diving, with more than 100 sites only a mile offshore. You'll see striped, spotted and brightly colored tropical fish, colorful sponges, corals, rays and turtles.

After 4 days of diving the warm tropical water of Cozumel, you'll board the ferry for Playa del Carmen and the beautiful Reef Playacar Resort. You'll have time to explore the town prior to an exuberating day of snorkeling with Whale Sharks. These gentle giants are the world's largest species of fish and they create a visual spectacle as their dark grey bodies glide through the water. The following day you have the opportunity to dive and explore one of the many cenotes found on the mainland.

This trip gives you the opportunity to enjoy three unique adventures in one of the few locations in the world where they can be found within close proximity.

THIS TRIP IS SURE TO PROVIDE A THRILLING ADVENTURE FOR EVERYONE!
